Hi Max-

Just thought I'd let you know that I am also on call for a couple of trials in Springfield today. I'm not necessarily expecting them to go, but there is a chance that I could get called to to Springfield before I have a chance to go to Holyoke, so if you find out that I will be needed, give me a call and I'll inform the other chemists here that if I get a call from Springfield, to let the ADA know the situation and to give me a call so I can go there afterward.
